

Remarks/Arguments

Claims 19-40 are pending in the application. Claims 19 and 30 are in independent form.

Applicants have amended the claims in compliance with 37 CFR §§ 1.116(1) and 1.116(2) to change “case” to “cast” and to change “receiving at the server” to “receiving by the server” as requested by the Examiner. Applicants believe the proposed amendments present the claims in better form for consideration on a future appeal.

Applicants did not change “executing web server software on a server” as suggested by the Examiner because applicants believe that “executing web server software on a server” is not indefinite.

Further, with regard to the Examiner’s 35 USC § 112 and 35 USC § 103 rejections, Applicants reurge all arguments presented in their Response to Office Action of June 27, 2008, which was filed on December 29, 2008.

Conclusion

It is believed that all of the pending issues have been addressed. However, the absence of a reply to a specific objection, issue, or comment does not signify agreement with or concession of the rejection, issue, or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this reply should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this reply, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

Applicants submit that all claims in the application are now in condition for allowance, and Applicants respectfully request that a timely Notice of Allowance be issued in this case.

If the Commissioner determines that any additional fees or extensions are required, Applicants request that such extensions be granted and any fees be charged to Deposit Account 50-1635.

Respectfully submitted,

Date: July 14, 2009
